GroundSure Homeview - Amenities

GroundSure Homeview – Amenities is a report specifically designed by GroundSure to assist any purchaser who is relocating to a new area. The report highlights many of the local amenities in relation to the proximity of the property, enabling the potential purchaser to make an informed decision on whether or not they wish to proceed with a move to the property's location.

Key Features

The following amenities are covered within the report:

- Local Information Map
- Local Information Data (including farming, sports and fitness, animal welfare, accommodation, eating and drinking, attractions, historical and cultural, retail, vehicle services, cash machines, nightclubs)
- Local Infrastructure Map
- Local Infrastructure Data (including emergency services, playgrounds and picnics, transport, walking, riding and cycling, prisons, utilities, public facilities, hospitals, watercourse features, recycling services)
- Designated Ecological Sites Map
- Designated Ecological Sites Data (including records of sites of special scientific interest (SSSI), records of national nature reserves (NNR), records of special areas of conservation (SAC), records of special protection areas, records of ramsar sites and records of local nature reserves (LNR) all within 500m of the study site)

Ensure Your Clients Are Protected

GroundSure Homeview – Amenities will enable any purchaser to make an informed decision on their potential purchase, taking fully into account the amenities currently in place within the property's vicinity.

GroundSure Environmental Consultants are available to discuss the findings of reports free of charge and thereafter have full capability to provide further consultancy support to ensure environmental risks are effectively and commercially managed to the best advantage of the client throughout the course of a transaction.
